

Equine Assisted Learning & Growth

To Whom It May Concern:

We are so appreciative for our Max Duty Utility OxCart! At our farm we use the cart to haul horse hay, feed, tree branches and we used the cart this weekend to move sand bags around the property in preparation for a bad storm. We love the cart because it easily hooks up to our golf cart and riding mower and even though it is a Max Duty cart it is light weight and easy to maneuver. We love that you can dump the cart as well as lift assist and swivel it for easy unloading!

I would highly recommend this product as it is extremely helpful to us on our farm and helps us to haul things while saving our backs!

Sincerely,
Lindsay Brim
Executive Director of Crossroads Corral
